Luxtera CEO Alex Dickinson Selected to Speak at 6th Annual Morgan Stanley Semiconductor Private Company Conference

WHO: Luxtera's Co-Founder, President, and CEO, Alex Dickinson, will speak at the Morgan Stanley Semiconductor Private Company Conference. Luxtera is among an elite group of private semiconductor companies that have been invited to participate. Mr. Dickinson has led the company since its inception, and will describe how Luxtera has achieved the leadership position in the silicon photonics – a technology that is widely predicted to be disruptive to both the computer and communications markets.

WHAT: The Morgan Stanley Semiconductor Private Company Conference is a one-day event consisting of presentations from 30 of the industry's leading private semiconductor companies, as well as some of Morgan Stanley's elite group of semiconductor research analysts. Attendees will include public and private investors, institutional investors, venture capitalists, and strategic investors.

WHEN: Friday, November 10, 2006, 11:45 a.m.

WHERE: Four Seasons Hotel
757 Market Street
San Francisco, CA 94103
Phone: (415) 633-3000

About Luxtera

Luxtera, Inc. is focused on fulfilling the insatiable demand for bandwidth by uniting the benefits of optical communication technology with the low-cost, high-volume advantages of CMOS fabrication. Luxtera was founded in 2001 by a team of industry-renown researchers and technology managers drawn from the communication and semiconductors industries. Luxtera is funded by leading venture capitalists and has partnerships with a number of the leading computer and communications companies. Luxtera is headquartered in Carlsbad, California. More information on Luxtera can be found on the company's web site: www.luxtera.com.
